

Electronics Installation

April 3, 2009
Linda Bagby

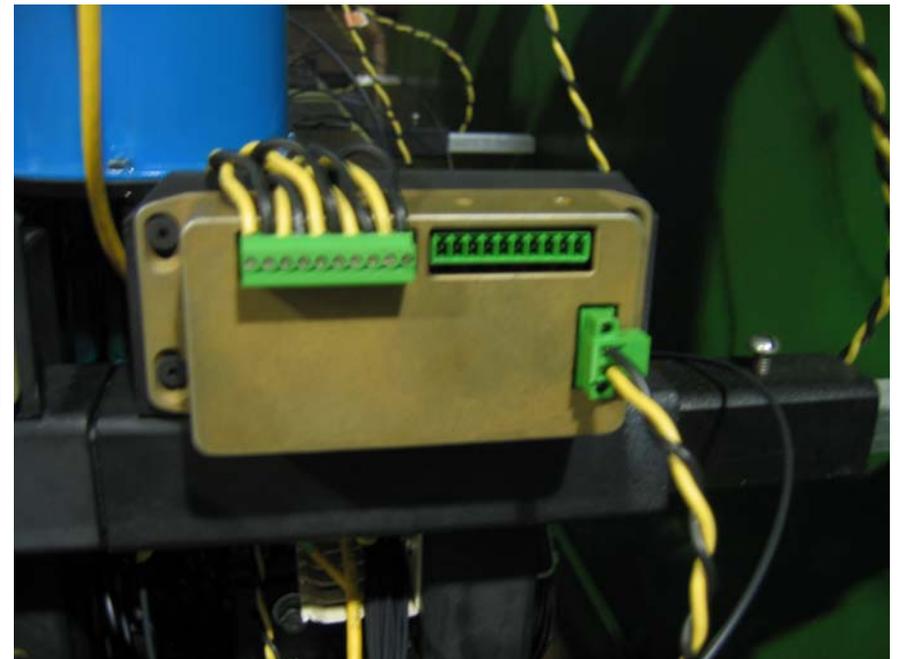

We are making progress!

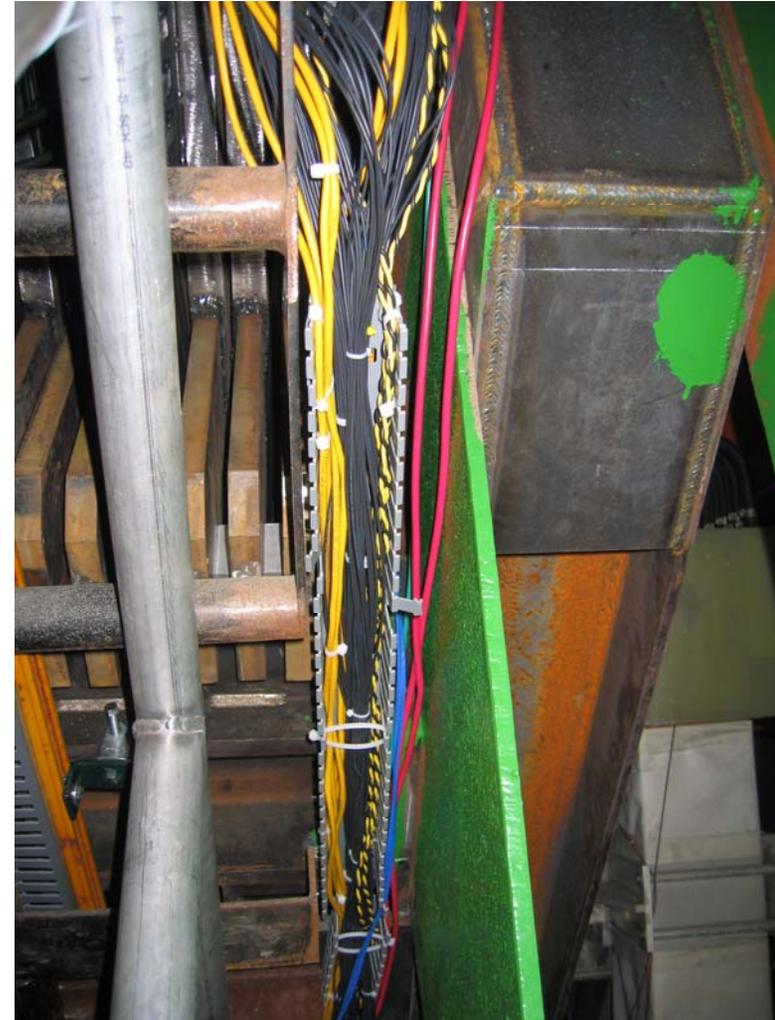

- Cable trays installed.
- Cable plant caught up with module installation.
- ORC hopefully done today.

Horizontal

Electronics Rack

Issues

- Power Distribution tw pr strain relief
 - FESB
 - Fuse panel
- ORC
 - Electronics rack:
 - Needs two cables installed.
 - Computer rack:
 - Needs side panels, back door.
 - Cables routed through holes in top.
 - Glide extension removed.

Issues-2

- Fiber routing within Electronics Rack
 - LI Box too long-not enough room to dress fibers properly.
 - Talked to John about installing a rack extension.
