Doc. No: B020129-Bagby-D0_Control_Room

Subject: D0 Control Room Modifications

Per the request to improve the D0 Control Room functionality, the Infrastructure group would like to submit the following suggestions.

Refer to the Control Room drawing for Station numbers:

1. Incorporate Operations (Cryo) Station 3 into Operations (Cryo) Station 4.
2. Move SAFETY Station 5 to Station 3.
3. Move SAFETY Station 6 to Station 5.
4. Assign Station 6 to SMT
5. Construct shelving unit to hold video monitors from Station 2 to Station 1.
6. Move CFT (Station 19,20) to Station 1 and 2.
7. Move FPD (Station 1) to Station 19, 20.
8. Construct shelving unit to move Station 12 video monitors to Station 13.
9. Assign L2 to Station 12.
10. Assign Station 15 to CAL/ICD.
11. Move Leak Detection system from Station 9 to Station 4.
12. Move FPD "kill" switch from Tape Room to Station 20.

In addition to the equipment moves, the following changes are also suggested:

1. Redesign the "white board".
2. Remove the extra hard hats.
3. Hang Amber's quilt.
4. Replace pictures with more current photos.
5. Cover the slots in the Captains desktop.
6. Install new carpet and chairs.
